

EDENTULISM2023

Gran Canaria, Spain

4-6 May

On behalf of ZAGA Centers, I am pleased to welcome you to the first international conference of the ZAGA Centers Network members, along with other delegates from around the world.

This high-level event features world-renowned speakers and will be focused on showcasing treatment options and the state of the art in the rehabilitation of the edentulous patient.

With the clear intention that not only participants but also their families and companions enjoy a relaxed holiday atmosphere, the meeting will be held in the idyllic setting of the Canary Islands and will of course, offer great opportunities to relive and determine contacts as well as share the latest news and research on innovative technologies and treatment strategies.

With best wishes,

Carlos Aparicio MD, DDS, MSc, MSc, DLT, PhD.

Founder President of ZAGA Centers
